ABOUT

We've spiced up our on-set catering game at Jones & Sons with our craft services! Whether your crew craves a caffeine hit to kickstart the day or dreams of a feast with mid-morning treats, smoothies, and zesty ginger shots, we've got your back.

From scrumptious sarnies at 11am to steaming hot soups on chilly afternoons, we've got all the fuel your team needs to power through the day.

Come summertime, expect refreshing potted salads, heavenly cakes, and ice cream delights for your hardworking squad. Keeping everyone on set happy is no easy feat, but when we surprise them with Cornettos during the late break... you just know it's pure magic!
